# ELECTRIC DRYERS

## Harness the Power of Steam

LG's **TrueSteam™ Technology** uses a steam generator to produce real steam right into the dryer giving you unique cycle options that remove wrinkles, odours, static and allergens.

## The Quick Fix

Late for the party and no time to iron your favourite outfit? The **SteamFresh™ Cycle** refreshes and reduces wrinkles in up to five garments at a time with one 20-minute dryer cycle.

## Refresh and Sanitize

**SteamSanitary™ Cycle** refreshes and sanitizes dry items in the steam dryer. The SteamSanitary™ Cycle kills bacteria on your clothes and is great for decorative pillows and other non-washable items.

## Dry Big Loads

Accurately dry big and bulky loads with **7.4 cu.ft. ultra large capacity**. Less time in laundry room, more time for life.

## NFC Tag On

Easily change and customize cycles with a **simple tap of a smart phone app**. Can't find a cycle you need? There's an app for that. Your laundry just got a little bit smarter.

## Call, Connect, Resolve

**SmartDiagnosis™** uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

## Accurate Drying

LG's **Sensor Dry System** measures the moisture levels during the cycle and automatically adjusts the drying time, assuring you get dry laundry every time.
