Smart Style with Easy Access to your Favourites

Knock twice on the tinted glass InstaView™ Door-in-Door® panel to see inside the easy-access door without letting the cold air out. The Door-in-Door feature allows you to get in and get out providing easy access to beverages and snacks. Equipped with ColdSaver™ Technology, cold air loss can be reduced by up to 47% which means your food stays fresher longer.

More Usable Space

Most ice makers take up space in the fridge. Our Slim SpacePlus™ Ice System is located on the door, so you end up with more storage space on the top shelf--and you still have storage space on the door as well.

Fresher is Better

Our Smart Cooling Plus System, enabled by LG's exclusive Linear Compressor motor maintains the optimal humidity and temperature levels in your fridge, which means your food stays fresher, longer. Meanwhile, a Fresh Air Filter removes odours and the Multi-Air Flow design means your food stays fresh no matter where you put it.

Flawless New Finish Lets Your Style Shine

Formed from stainless steel coated with a darker hue and topped with a

protective coating, the LG Black Stainless Steel Series makes every appliance fingerprint and smudge resistant. A dry cloth is all it takes to bring back its original luster

Peace Of Mind

When you buy a refrigerator, you don't want to worry that it won't last. Because the Linear Compressor motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

Easy to Open

Get in and out of the freezer with ease thanks to an effortless SmartPull™ handle. After getting used to this ergonomic design, you'll never go back!

Call, Connect, Resolve

SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

Environmentally Friendly

Energy Star® rated, which means it uses less energy than required by current federal standards.
