More Free Time

Towers of towels, piles of sweatshirts, and a mountain of jeans? Go for it. The ultra large capacity (5.2 cu.ft.) washer lets you do more laundry in fewer loads. That's time well saved.

All the Right Moves

With 6Motion™ Technology, each wash cycle combines up to 6 different wash motions to provide a revolutionary cleaning experience and ultimate fabric care.

The Hottest Thing in Cold

Now using the cold cycle on your washer doesn't mean compromising how clean your clothes are. ColdWash™ technology uses cold water and enhanced washing motions to penetrate deep into fabrics, giving you cold water savings with warm-water performance.

Count On It

When you buy a washer, you don't want to worry that it won't last. Because the DirectDrive™ Motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

NFC Tag On

Easily change and customize cycles with a simple tap of a smart phone app. Can't find a cycle you need? There's an app for that. Your laundry just got a little bit smarter.

Call, Connect, Resolve

SmartDiagnosis $^{\text{TM}}$ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.
