COMMERCIAL-GRADE ELECTRONIC CONTROLS

Laundry is all we do, and we do it better than anyone else in the world. For decades, we've been designing, building and testing electronic controls the same way we do our machines: for unmatched, longer-lasting performance. Tested to endure through virtually every event that typically causes malfunction, Speed Queen electronic controls are durably designed to last in the harshest commercial environments — and last even longer in your home. We're so confident in our controls that we back our electronic models with an industry-best 5-year warranty on all parts and in-home labor.

PERFECTLY DRIED LAUNDRY

Speed Queen® dryers are designed, tested and built to deliver 25 years of commercial-grade performance in your home. Featuring customizable drying cycles, sophisticated airflow patterns, and advanced moisture sensing to deliver consistently superior results and efficiency. So you can reduce your dry times, eliminate unnecessary drying, lower your utility bills and protect your clothes.

BUILT BETTER TO LAST LONGER

- » Constructed with premium, metal components
- » Tested to deliver 25 years of commercial-grade performance
- » Galvanized steel cylinder won't corrode, chip or crack

THE ULTIMATE DRY

- » Ideally balances temperature, airflow and mechanical action
- » Automatically stops the cycle once preset dryness level is reached

EXCEPTIONAL EFFICIENCY

- » Superior tumble action delivers more efficient drying on larger loads
- » Eco Cycle uses an advanced heating algorithm to conserve energy

INDUSTRY'S BEST WARRANTY

- » Industry-leading 5-year warranty
- » Covers all parts and in-home labor

 **Speed Queen.**

ABOUT SPEED QUEEN®

Speed Queen laundry equipment is designed, built and tested to deliver 25 years of commercial-grade performance. We use metal components where others use plastic. We rigorously test our products beyond their limit to ensure consistent, reliable performance and superior wash results. And because we make no distinction between the machines we engineer for use in commercial applications and the machines we offer for the home, you can be sure that your Speed Queen equipment is built better to last longer.

For the most accurate information, the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications are subject to change without notice. The quality management system of Alliance Laundry Systems' Ripon facility has been registered to ISO 9001:2008. Printed in the USA.
