

ICONIC SERIES

Twin's brilliantly glossy finish reflects the world around it like a kaleidoscope, and provides a powerful visual impact, while the modern, clean-lined definition makes it easily adaptable to a variety of styles and environments. Many are misled by Twin's pendent light appearance and are pleased to find its decorative qualities are equally balanced by a high functioning range hood hidden within. All possible due to Elica's patented Evolution system

Think Outside the Kitchen and consider Twin for an "Air Cleansing" role in other rooms of the home, such as a smoky billiard room or den.
